Exploring Bergen

If this is your first time in Bergen and you want to explore the city there are several things you can do.

To get to know the sea side and fjords around Bergen there is a daily fjord cruise, duration approximately 3 hours. [Here you can read more and buy your ticket.](#)

You can visit [Bryggen](#) which is a very important historic area of Bergen, and it is also on the Unesco World Heritage list.

If you enjoy hiking there are very nice and relatively short hikes you can do.

The Sandviken area, just behind Bryggen has charming wooden white houses, a good place to start is from the street "[Nedre Stølen](#)".

You can walk to "Skansen" where you find the old wooden fire station, and here you will have a nice view over the city. And from there you can continue up to [Mount Fløyen](#). It will take you less than an hour on a gravel road to reach the top and you have a great view from the top.

Or you can take the [funicular](#) one way or both if you prefer. Travel time each way is around 5 minutes.

Recently finalized is Bergen's [new nature trail](#), a 6 km spectacular walk along the mountain side just outside the city centre.

If the visibility is good you can take a cable car to the highest mountain surrounding Bergen, [Ulriken](#).

In Bergen you find the oldest and biggest [Aquarium](#) in Norway. Located in Nordnes, which also has a nice park and charming streets with small wooden houses. It takes a 15 minutes to walk from your hotel. On the way you can stop by the [Magic ice bar](#).

We also have some very nice museums, [KODE](#) being the biggest with several exhibitions. [The University Museum of Bergen - Natural History](#) was reopened in 2019 after refurbishing and has some interesting exhibitions.
