How to get from the airport to the hotel

Flybussen leaves from the airport every 15 mins (the bus stop is just to your right as you go out of the exit to the airport). It will take you about 35-40 minutes to get to town by bus, and will cost you kr 80. Please find attached the map marking the bus stop from which the delegates can walk to the hotel (SAS Hotel Norge on Olav Kyrres gate). The other bus stop marked on the map is the closest stop from where delegates can catch the airport bus to the airport after the conference is finished on Friday.

How to get from the hotel to NHH

The bus stop is across the road from the fish market. From the stop you will be able to catch any number of busses - 71, 80, 90, 225, 270, 275, 280, 285 and 301 - which all will pass NHH, (the bus ride is about 10 min.). Tell the driver to indicate when he is stopping at NHH. We are on the left side of the road in a highrise building (with a clock and marked with NHH), which you will see as you drive out of the first tunnel. Once getting of the bus stop you will need to take the path down to your right, cross under the flyover and cross at the lights to get to the school. To get to Finn Kydlands Auditorium, enter the main building with the clock, go up the stairs, turn right, and go through the glass door (to the right).

WLAN at NHH

The workshop participants will be given a password when they register at the registration desk at NHH.
