NFN Research Workshop in Finance

May 10-11, 2012 in Oslo, Norway

The Nordic Finance Network (NFN) is organizing the 6th **annual research workshop targeted to Nordic PhD students in Finance** on May 10-11, 2012 in Oslo, at the Norwegian Business School BI. The workshop brings together Finance PhD students and faculty from leading Nordic academic institutions to discuss the current research conducted by the participating doctoral students. The objective is to provide PhD students with a forum to present their research and get comments from senior researchers and fellow students. Moreover, the workshop gives an excellent opportunity to get to know and interact with fellow PhD students and finance faculty members. The workshop is open to doctoral students and faculty members from Nordic and Baltic academic institutions, irrespective of whether or not their home institutions are members of NFN.

Papers in all areas of financial economics are welcome.
