

CALL FOR PAPERS

PhD Nordic Finance Workshop

May 21-22, 2015 Helsinki

The Nordic Finance Network (NFN), the Aalto University School of Business, and the Hanken School of Economics are organizing the 9th Annual Research Workshop for PhD students in finance on May 21-22, 2015 in Helsinki. The workshop offers PhD students from Nordic universities a forum to present their research and get feedback from faculty and fellow students. In addition, the workshop aims to provide an opportunity for PhD students and faculty to meet and interact. The workshop is open to doctoral students in finance and faculty members from Nordic academic institutions, irrespective of whether or not their home institutions are members of the NFN.

Papers in all areas of financial economics are welcome. Submissions of papers written solely by PhD student(s) are particularly encouraged, and papers should not have been presented at a major conference like the EFA meeting.

Professor Jarrad Harford (University of Washington, Michael G. Foster School of Business) will be the keynote speaker at the workshop.

The workshop will start early on Thursday morning, May 21st, and runs until the afternoon on Friday, May 22nd. The workshop format will be paper presentations, followed by a discussion. In addition, there will be a workshop dinner on Thursday evening.

There is no workshop fee. Traveling expenses (economy class) and accommodation (two hotel nights) of presenting authors and discussants/chairs will be covered by the NFN.

Papers will be selected based on a review by the Program Committee. **The submission deadline is March 15th, 2015.** Please submit your full paper in pdf format by e-mail to nfn@aalto.fi and provide name, affiliation and complete contact information. Authors will be notified of the Program Committee's decision in early April, 2015. **The registration deadline for PhD students without a paper and faculty is April 15th, 2015.**

Further information about the workshop will be posted on the website of NFN (<http://nfn.aalto.fi>).
