WALKING

The distance from the Hotel to the Business School is only 800 meters and 10 minutes by walking. They are located along the same road, see more from the map. Here are some written instructions as well:

- From the hotel just walk northbound (or northwest) Runeberginkatu for about 10 minutes (800 meters).
- After ca. 500 meter walk, you'll walk past the white main building of Hanken School of Economics on your left.
- Walk further along Runeberginkatu, and you'll go past the yellow-brick Aalto School of Business main building also on your left.
- Immediately after the Business school main building there's a small park again on your left.
- The next building on your left after the park is a red/brown brick building. That's Chydenia, our building. It has a small parking lot in front.
- The entrance is from the side of the car lot.
